Don't have any barcode scanner? Right click on your screen > Inspect > Console and type the following command:
`odoo.__DEBUG__.services["web.core"].bus.trigger("barcode_scanned", "setyourbarcodehere", `{"o_web_client": [0]}`)`
and replace "setyourbarcodehere" by the barcode you would like to scan OR use our mobile app.
For GS1 barcodes, add "\u001d" in front of all "("s and remove the "(" and ")"s
